## Description

The Mouse Inflammatory Response and Autoimmunity miScript miRNA PCR Array profiles the expression of 84 miRNAs predicted to regulate the expression of proinflammatory or antiinflammatory genes. This array provides researchers with a convenient way to quickly analyze the miRNAs most likely to be relevant to inflammatory and autoimmune disorders. These miRNAs have been carefully selected based on those predicted by bioinformatic algorithms and databases to regulate genes known to be relevant to inflammation. The profiling results from this array can serve as a useful molecular marker for the study of normal and pathological inflammation. The results may also provide a deeper understanding of the molecular mechanisms regulating inflammatory gene expression by miRNA. A set of controls present on this array enables data analysis using the  $\Delta\Delta C_t$  method of relative quantification, assessment of reverse transcription performance, and assessment of PCR performance. Using SYBR Green-based real-time PCR, the expression of a focused panel of miRNAs predicted to regulate inflammatory and autoimmune response genes can be easily and reliably analyzed with this miScript miRNA PCR Array.

For further details, consult the *miScript miRNA PCR Array Handbook*.

QIAGEN reserves the right to occasionally redesign individual assays on the miScript Arrays for improved performance. This revision history can be accessed by contacting technical support and supplying the batch numbers from your arrays.

## Shipping and storage

miScript miRNA PCR Arrays are shipped at ambient temperature, on ice, or on dry ice depending on the destination and accompanying products. Upon receipt, store at  $-20^{\circ}\text{C}$ . If stored under these conditions, miScript miRNA PCR Arrays are stable for 6 months after receipt.

**Note:** Ensure that you have the correct miScript miRNA PCR Array format for your real-time cycler (see table above).

**Note:** Open the package and store the products at the indicated temperature immediately on receipt.
